Bwindi  
National  
Park**

**Bwindi Impenetrable National Park**

Bwindi is in southwestern Uganda a magnificent verdant swathe across the steep ridges of the Albertine Rift Valley. This ancient rainforest is one of the few in Africa to have flourished and a home to half of the world's endangered population of mountain gorillas. Looking into the expressive brown eyes of these giants is surely the most exciting and poignant wildlife encounter Uganda has to offer.
